

Supply Chain Success Story!

Delivering a 40-Ton Autoclave from Vietnam to New Zealand

THE STORY

When an industrial and scientific manufacturer needed to transport a 40-ton autoclave from Vietnam to New Zealand, Logistics Plus was ready to help. Working together, the Logistics Plus teams in Vietnam and Denmark carefully planned and executed this complex operation.

THE HIGHLIGHTS

- An industrial and scientific manufacturer needed to transport a 40-ton autoclave from Vung Tau, Vietnam to Auckland, New Zealand.
- Logistics Plus handled the lashing, shrink-wrapping, loading at the factory, loading at the port, discharging, and final delivery.
- The Logistics Plus Vietnam team completed many factory visits to ensure the oversized cargo was loaded safely and promptly onto the ocean vessel.
- Logistics Plus Denmark discharged the cargo and prepared it for final delivery.
- The collaboration between the Logistics Plus Vietnam and Denmark teams led to the successful delivery of the autoclave and three containers to Auckland, New Zealand.
