

Supply Chain Success Story!

First 3PL in Indonesia to Deliver Cyclotron Equipment for a Global Healthcare Company

THE STORY

When a global healthcare company needed to deliver multiple shipments of the first cyclotron particle accelerators to Indonesia, they called Logistics Plus.

THE HIGHLIGHTS

- With offices in Jakarta and Surabaya, the Logistics Plus Indonesia team has handled complex logistics projects for over a decade.
- A leading global healthcare manufacturer asked Logistics Plus to manage the first ever cyclotron shipment to Indonesia.
- Cyclotron equipment uses magnetic fields to propel charged particles which are used to diagnose and treat cancer.
- Logistics Plus handled the transportation, lifting, and positioning of the equipment in the hospital.
- The client held a ceremony for this landmark achievement, attended by Indonesian President, Mr. Joko Widodo.
- Upon completion, Logistics Plus Indonesia was tasked with transporting three more units from the origin country to hospitals across Indonesia.

Creative Solutions for Unique Challenges.
