

Supply Chain Success Story!

Green Logistics Solutions for a Global Collector and Recycler of Plastic Waste

THE STORY

When Ocean Integrity needed a green logistics provider to take its proprietary ocean waste collection and recycling processes global, they partnered with Logistics Plus.

THE HIGHLIGHTS

- Ocean Integrity leads the global fight against ocean plastic pollution through sustainable practices.
- Logistics Plus assists with all aspects of supply chain management, including transportation of debris, international regulation assistance, cross-border trading, and customs and compliance services.
- Since 2020, Logistics Plus has financed and logistically supported the collection and recycling of over four million kilos of ocean plastic waste.
- Logistics Plus was the first global logistics company to receive plastic neutrality through the Blue Ocean Program in 2020 – a status it has maintained annually ever since.
- Logistics Plus utilizes its relationship with Ocean Integrity to improve our own sustainable practices by purchasing and using recycled plastic pallets at our warehouses, donating recycled materials to local schools, and more.
